

Cascadian Nurseries presents

Landscape Field Day 2012

Dan Hinkley

Join landscape professionals to network and learn from Plant Explorer, Author Dan Hinkley, and how he found many of the plants within the Dan Hinkley Collection™. As a special addition, Monrovia's New Plants Director Nicholas Staddon will share New & Notable Plants for the Pacific Northwest. All landscape professionals, including landscape architects and designers, contractors, maintenance crew leads and team members, golf superintendents, property managers, urban planners, and anyone involved with parks & recreation should attend. We encourage you to tell your landscape industry friends, and please let them know continuing education credits are available!

Nicholas Staddon

When: May 17th, 2012—Thursday

Seminars: 9 am to 4 pm

Exhibitor Showcase: 9 am to 4 pm

Lunch: noon to 1 pm. Courtesy of our exhibitors.

Where: Cascadian Nurseries
